AN ACT
RECOGNIZING THE BRITISH SCHOOL MANILA AS AN EDUCATIONAL
INSTITUTION OF INTERNATIONAL CHARACTER, GRANTING CERTAIN
PREROGATIVES CONDUCTIVE TO ITS GROWTH AS SUCH, AND FOR OTHER
PURPOSES

EXPLANATORY NOTE

The British School Manila (BSM), an educational institution owned and operated by the British Education, Inc., has been continuously in operation in the Philippines since its establishment in 1976. From its humble beginnings of two (2) classrooms with 36 students, it now has a sprawling campus in the Fort Bonifacio Global City with about a thousand students composed of thirty-eight (38) nationalities, including Filipinos. Its class sizes are small (16-22) and all its teachers are United Kingdom (UK) or Commonwealth trained and/or experienced. It is proud to uphold the high standard of the British education system in a school that takes full advantage of its multi-cultural setting.

Since its founding, it has been the vision of BSM to deliver the highest standard of education in the Philippines for British children and for English-speaking children of Filipinos and other nationalities. BSM is well-known worldwide for its highest quality British education, following adapted form of the English National Curriculum from Nursery to Year 9 designed to inspire learning through being both relevant and flexible. Its students are groomed and prepared for end of Key Stage in Primary, International General Certificate of Secondary Education [IGCSE]¹ at 16, and the International Baccalaureate (IB) Diploma at 18. Based on all comparative assessments, children who studied in BSM perform well above UK and international expectations.

BSM is fully accredited through the Council of International Schools (CIS)² which is considered to be the premier accreditation agency for international schools worldwide. It is also a member of the IB World School,³ Federation of British International Schools in Asia

¹ The (IGCSEs are qualifications taken in years 10 and 11 and examined at the end of Year 11. They are a UK-based examination system that is used in English and Welsh schools in the UK and British Schools overseas The (1)GCSEs measure students' abilities in specific subjects. Generally, students at BSM will take between 11-13 examinations. Students are awarded grades from A * - G for each specific subject.

(FOBISIA), and International Schools Athletic Conference (ISAC). BSM has thus earned its sacrosanct niche in education not only in the Philippines but worldwide.

The Legislature has, in the past, recognized other schools in the country as educational institutions of international character as in the case of Cebu International School under Republic Act No. 9190 and Stonyhurst Southville International School of Batangas City under Republic Act No. 9493.

Other international schools created through legislative or executive fiat were the International School Manila (PD 732), Adventist International Institute of Advanced Studies (PD 2021), and Brent International School (PD 2022), among others.

In the case of the BSM, official government recognition has been extended by the Philippine Government through a modest document entitled "Memorandum of Understanding" (MOU) executed by and between the Department of Education (DepEd) and British Education, Inc. The first of such MOU was executed on May 6, 1976, the second, on May 31, 2001 and the latest, on November 23, 2011, between DepEd Secretary Armin A. Luistro, and BEI's Andrew Byrne, Chairman of its Council of Trustees.

After its more than four (4) decades of its existence, operation and service in this country, it is high time that the Philippine Government through Congress extends its formal recognition to BSM as a distinguished educational institution of international character by enacting a law to that effect.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
