

FOURTEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES
First Regular Session

SECRETARY

RECEIVED BY: 

SENATE

Senate Bill No. **1636**

INTRODUCED BY HON. MANNY VILLAR

EXPLANATORY NOTE

Alternative Learning System (ALS) is neither a new concept nor a phenomenon since it is the primary goal of the Education for All Program. The ALS institutionalization is consistent with the declared policy of Republic Act 9155, otherwise known as the Governance of Basic Education Act of 2001 where the State is mandated, among others, to "promote, the right of all citizens to quality basic education and to make such education accessible to all by providing all Filipino children a free compulsory education in the elementary level and free education in the high school level" with central emphasis of including "alternative learning education system for out-of-school youth and adult learners."

The advent of ALS offers a new dimension and a paradigm shift for non-formal education that will ultimately address and satisfy the legal requirements of Republic Act 9155. ALS is an independent complete learning system as it addresses the various learning styles and needs of learners. Learners are given full discretion of the kind and method of learning they wish to have, including the use of information technology. A system and mode of certification and/or accreditation will be put in place to enhance employability of those who get into it.

The immediate passage of this bill is earnestly sought.
